Beatty's New Lift Force Pump

Has Some Features Not Found on Other Pumps

CROSS HEAD, Redesigned. Made of malleable iron. New Cross Head eliminates windmill bar. **GUIDE RODS**—Two 1/4 in. Guide Rods of cold rolled steel are securely fastened to Pump cap. The polished steel pump rod is bolted to Cross Head in perfect alignment. Friction and wear

on brass Stuffing Nut and pump rod are reduced. Helps to prevent leakage at the stuffing nut and makes pumping easy. **PUMP HEAD** BY TWO PIECES. Allows Plunger in 2 in. Pipe to be pulled up without disturbing pipe or base of pump.

John Deer Pump Engine Has Features That Make It Better Than Other Makes

- 1 All vital operating parts are completely enclosed in a dust-proof case—protected against foreign matter.
- 2 All vital parts are automatically oiled within the dust-proof case—no grease cups or sight feed oilers. Engine runs for hours without attention.
- 3 Clean and safe to work around—no occasion to spill oil on it—no gears exposed or shafts extended on which clothing might be caught—a real family engine.
- 4 Easy to start in summer or winter—magneto supplies hot, fat spark—simple mixture, easy to adjust for all loads.
- 5 Simply built—fewest possible number of parts to wear and get out of adjustment.
- 6 John Deer engines built to the John Deere high standard or quality will give practically a lifetime of service.

NOMINATION DAY

Monday was nomination day in Lacombe, and passed off very quietly. The retiring councilors, with the exception of Mr. Trot, were returned by acclamation. Mr. P. C. Owen, was nominated to fill the vacant position, and was also returned without opposition. Mayor Jackson was also returned unopposed. This year's council is composed of: Mayor G. T. Jackson, Councilors: Edwin H. Jones, K.C.; John Gilmour, P. C. Owen, C. E. Todd, G. W. Watson, and E. C. Chapman.

ELECTION FOR TRUSTEES

Four names were put in nomination for the office of School Trustee at Monday's nomination: Jesse Fraser, Mel. Crutchank, N. W. Morrison and Wilson Rist. Three members are to be elected. The voting takes place on Monday next.

SHORT COURSE IN AGRICULTURE

At Experimental Station, Lacombe. On Thursday, Friday and Saturday, March 20th, 21st, and 22nd, a Short Course will be held at the Experimental Station. The meetings will be held at 2.00 to 4.30 p.m. The Speakers and their subjects will be:

Thursday, 2.00 p.m. "Announcements,"
"Homes," F. H. Reed.
"Diversified Farming," S. G. Carlyle.
"Poultry," G. M. Cormie.
Friday, 2.00 p.m. "Beef Cattle,"
Prof. J. P. Stebbins.
"Dairy Cattle," H. E. Wilson.
"Forage Crops," G. E. DeLong.
Saturday, 2.00 p.m. "Cereal Crops,"
R. L. Gray.
"Swine," H. E. Wilson.
"Sheep," E. L. Gray.

The speeches will be by practical men and filled with valuable information for every farmer in the district. These meetings should also interest farmers' wives and boys and girls. The meetings will be held in the heated garage at the Station and Stabling for horses will be provided. Come and bring your neighbors.

BOARD OF TRADE MEETING AT CANADIAN JUNIOR

The College assembly hall was filled to capacity Tuesday evening, February 24th, when the Lacombe Board of Trade held one of its good will meetings there. Mr. H. A. Craig, Deputy Minister of Agriculture for the province of Alberta, was the speaker of the evening. His very instructive address on the 1930 Toronto Royal Fair, well illustrated with stereoscopic slides, was enjoyed by the audience of some four hundred individuals, including business and professional men of Lacombe and vicinity and farmers of the district. Mr. DeLong, president of the Board of Trade presided.

A feature of the evening was the following programme given by teachers and students of the College.
Piano Solo: Rhapsodie - Brahms
Professor Kelsey
Solo: "Will o' the Wisp," Sprous.
Mrs. T. R. Lukens
Male Quartette: Free as the Wind that Blows - Freeman and Wilson
Reading: "The Great Baseball Game," Daley. Miss Maude F. Crump.
Ladies' Quartette: "Over the Stars is Rest," Frana Abt.
Hawaiian Guitar Selection. Mr. Irvine Rush.
Duet: "Over the Hill," Glover.
Misses Nethercutt and Fisher.
God Save the King

CLIVE NEWS

The World's Day of Prayer was observed by the Baptist and the United Church, on Friday, Feb. 26th in the Baptist church with a goodly number present. It was held under the auspices of the combined Women's Missionary Societies. The following took part in the program of message and prayer as follows: Mrs. C. C. Coot, Mrs. James Tee, Mrs. E. W. C. Coot, Mrs. Cunningham, Mrs. A. P. Bainforth, Rev. I. N. Hughton, (United Church), Mrs. W. A. Allison, and Mrs. Meldrum. Any participation as well as those in attendance entered fully into the spirit of this impressive service.

The Local W.C.T.U. held their regular monthly meeting on Tuesday of this week. Several reports were given, preparations under way for a special musical and oratorical contest, supplemented by a play. Short addresses were given in honor of "Willard Memorial Day" by Mrs. Fretwell and Mrs. Wm. Johnson. Appropriate vocal selections were rendered by Rev. L. N. Hughton and Misses Lida Meldrum and Mary and Moreen Bell.

Rev. L. N. Hughton, Chairman of the Presbytery is going to take charge of the Sunday services at Breton, March 8th in the absence of Rev. H. A. Barton, evangelist who is holding a week's services in the South. Last Sunday, Dr. Powell deputed the new church, which Mr. Barton had just completed, and Mr. Hughton will preach on the following Sabbath on the territory he surveyed for the former Methodist Church nine years ago. Rev. M. L. Wright, of Morningside will conduct the Clive services on the Sunday, and Mr. M. Fangle, of Spring Valley will go to Morningside.

IN POUND
One black pig, weight about 70 lbs., impounded in pound on S.E. 6-40-25, on Tuesday, February 24. Owner please take notice.
John Hall, Poundkeeper.

HELP THE SCHOOL RINK

When it was decided to build a rink for the "kiddies" of the town, the whole thing was charge upon the school, and the citizens of the town, but the response then was not nearly as good as was expected. In fact very little money was turned in to the treasurer, this coming in the main from students of the school, who were asked to bring the nominal sum of 10c. to pay for their season's skating. A great number of those in Public School did bring this sum, but many did not. Those in high school were asked to bring twenty-five cents, and here some did bring it and the rest did not. So at the end of the season, there is a deficit of some \$53.00 to be made up.

The School Rink this year has proved a great benefit to those parents in Lacombe who have children of skating age, and every day dozens of youngsters used the ice during all their spare time. When one considers that an hour's skating in the "Big Rink" costs 15c, if each parent in the town donated a dollar they would be getting far more than their money's worth. It is the intention of those in charge of the rink to continue next year, but they will not be able to do so unless the fifty-three dollars are forthcoming and the town will lose one of its greatest "kiddies attractions." If the money is subscribed then those in charge will put in lights and dressing rooms for next winter, thus doubling the skating hours, and enabling the rink to hold carnivals and other sports to pay its upkeep.

The collectors will be around this week, but in case you wish to send your money in to the treasurer, have your children, and come in to school and give it to the teacher.

C. B. Halpin, Jr., President, Lacombe School Rink.

MIDWAY NEWS

February 14, 1931, home of Mr. and Mrs. John F. Henderson, 11 tables. Honors: Mrs. Alex Mackenzie. Consolation, Miss Zella Dealley. Honors: Mr. Edward Dentman. Consolation, Mr. James Ferguson.

Our card parties are finished for this winter, but we will be ready to welcome them again next year.

LAKE MCGREGOR FATALITY

VICTIMS LAID TO REST

Vulcan, Feb. 11. Funeral services for the late Mrs. Sam Findland, second daughter of the Rev. and Mrs. F. G. Mathews, were conducted in the United Church, by the Revs. Brunton and Silverthorn, Reid Hill. The very large crowd present, as well as the numerous floral offerings, were evidence of the sincere regard on the occasion of the untimely demise of Mrs. Findland, and sympathy with the survivors. The addresses were sympathetic and appropriate, and the music suitable to the sad occasion.

Interment was made in the Vulcan cemetery. Ethelyn May, was thirty years of age, daughter of Rev. F. G. Mathews of Gull Lake. An older sister, Mrs. J. E. Cowell and family reside in the Vulcan district, and the younger sister, Mrs. Herbert Woods lives near Lacombe. Mrs. Mathews, the mother, had but a few days before left for her home at Gull Lake, following a long visit with her daughters at Vulcan, when called to make a sad return. Those present at the funeral, but the sorrowing father was denied the desire on account of his being in Toronto, Ont.

The Lacombe Horse Sale will be held at Lacombe, Monday and Tuesday, March 9th and 10th.

BLACKFALDS

Municipal election will be held on Friday afternoon, between 1 and 5 p.m. at the Vulcan cemetery, the service being conducted by the Rev. Brunton. Mr. Brunton referred in appropriate words to the heroism of Jack and made appropriate reference to the greatest sacrifice a man can make. The floral tribute in abundance was further tribute to the deceased and to his too early demise.

Jack Packwood was the third son of Mr. and Mrs. Packwood. Two other brothers and two sisters were present at the funeral. The younger sister was an intimate friend of Mrs. Findland and occupied the fatality at Lake McGregor.

A meeting for organization of a Mission Auxiliary was held at Mrs. Crookers on Tuesday afternoon. The appointment of officers were Mrs. H. D. Riegs as President; Mrs. C. C. Burton as Secretary-Treasurer. The third Tuesday of each month was chosen for the day of meeting.

The Ladies of the Work Committee of the Ladies' Aid are serving tea from 1 to 5 on Friday afternoon in the Atlas Office.

Rev. John H. Garden, of Calgary, will give his lecture on "Bonnie Scotland in Song and Story" in the Community Hall on March 5th. He will be assisted by a number of singers from Lacombe.

The W.I. of Lakeside will be in Blackfalds on March 13, to give their plays, "Whiskers," and "Henry's Mail Order Wife." This will be under the auspices of the local W.I.

SPRUCVILLE NEWS

The regular meeting of the U.F.A. and U.F.W.A. will be held on March 3rd in the Spruceville Hall.

Roll Call: Irish Jokes. Mrs. D. Bodes will give a paper, Hostesses: Mrs. C. C. Burton and Mrs. H. Gottschlich.

The afternoon meeting of the U.F.W.A. will be held at the home of Mrs. G. Cannon on March 11th. Roll Call answered by an amusing incident. Programme, Music, etc.

Mrs. Nicholson of Bentley has been visiting Mr. and Mrs. J. B. Crooker. Miss C. F. Gottschlich was home visiting her parents.

ANNUAL BULL SALE

Secretary D. F. Chialhorn is this week mailing out entry forms, etc., for the Annual Bull Sale to be held here on June 3rd. Mr. Chialhorn will be pleased to furnish anyone interested with full information regarding the sale. Local breeders are showing great interest, and there should be a representative entry list this year.

February 26th, 27th and 28th
"Maybe It's Love," starring Joan Bennett and Joe Brown. Breezy in the word that adequately describes it. A delightfully entertaining picture regarding the care-free, gaiety and romance that is part of modern college life. Young people will adore it, while the old timers can sit back and enjoy a few hours of renewed youth and amusing memories. One of the outstanding features of this is its genuine "All American" gridiron eleven, and how they can play football.

"Men Without Women," 5th, 6th and 7th of March.

"Three Faces East," March 12th, 13th and 14th.

FARM IMPLEMENTS FOR SALE
At My Farm 1-2 Mile East of Lacombe

As I am leaving the farm, the following implements are for Sale at a very low price. WATCH OUT FOR WHAT? "The Path Across the Hill"

St. Cyprian's W.A. is holding the Annual St. Patrick's Tea, Sale of Work and Home Baking on March 21st, 1931 in the Paisley Block from 3 to 6 p.m.

Lacombe Hockey Team defeated Red Deer 12 to 4 on Monday night.

Remember the Dance at Clive tomorrow (Friday) night. Star 6-piece Orchestra.

Watch out for posters announcing Alberta Intermediate Hockey Playoff. It is expected the first game of the playoff will be in the local Arena on Monday night, next, but watch for bills.

Here and There

(704)
E. G. MacKay, deputy produce grader for Western Canada, states that Manitoba's creamery butter production in 1930 showed an increase of 84.6 per cent over 1921.

About 10,000,000 pounds of fish are caught annually in the large and small lakes of the province of Saskatchewan and approximately 1,400 men are employed in the industry.

Aggregate value of field crops grown in Canada in 1930, is officially estimated at \$631,592,000 and the area sown to crops was 62,214,870 acres, an increase over 1929 of about 1,000,000 acres.

In a final estimate of the wheat production of Canada in 1930, the Canadian Government Bureau of Statistics places the total yield at 397,872,000 bushels, an increase of over 2,000,000 bushels compared with the previous estimate.

From end of September 1930 to January 15, 1931, over 26,000,000 pounds of sugar was produced at the best sugar factory at Raymond, Alberta. The industry has grown to substantial proportions in that province of late years.

From Winnipeg a radio fan writes: "Melody Mike" is talked about the offices and warehouses in Winnipeg as though he were a real Canadian Pacific official. The feature is to the Canadian Pacific radio offering on Monday nights across the Dominion.

Vancouver will have a team of fine golfing calibre on the fairways of the golf course during the third annual mid-winter Empire golf tournament for the E. W. Beatty trophy will be staged February 23-28. Entries are in from Victoria, Seattle, Portland, Tacoma and cities of the prairie provinces.

Grain marketed along the western lines of the Canadian Pacific Railway from August 1 to January 31 amounted to 185,793,000 bushels of which 140,928,000 bushels were wheat. The total marketings of grain along Canadian Pacific lines represent 54 per cent of the total grain marketed in western Canada to that date.

Canada now has more than forty bird sanctuaries specially reserved for bird protection purposes. These are scattered across the country from Nova Scotia to British Columbia. Some of the provincial governments also maintain similar reserved areas for the benefit of native bird life. A census of such sanctuaries, not including the young birds hatched in 1930, was 106,836 of 18 different species.

Over 97 per cent of the assets of the Canadian Pacific Railway are in Canada, and is directed attention to this fact some months ago. Mr. E. W. Beatty, Chairman and President of the Company, went on to say that he would be glad to see an increase in the Company's shareholdings in this country. Since that time the increase has been marked, as is shown by the following statement of Canadian Pacific common shares held in Canada now and at the end of the two previous years:

Dec. 31, 1929..... 69,719
Dec. 31, 1930..... 77,448
Dec. 31, 1931..... 81,282
Increase in two years..... 11,563

From end of September 1930 to January 15, 1931, over 26,000,000 pounds of sugar was produced at the best sugar factory at Raymond, Alberta. The industry has grown to substantial proportions in that province of late years.

From Winnipeg a radio fan writes: "Melody Mike" is talked about the offices and warehouses in Winnipeg as though he were a real Canadian Pacific official. The feature is to the Canadian Pacific radio offering on Monday nights across the Dominion.

Vancouver will have a team of fine golfing calibre on the fairways of the golf course during the third annual mid-winter Empire golf tournament for the E. W. Beatty trophy will be staged February 23-28. Entries are in from Victoria, Seattle, Portland, Tacoma and cities of the prairie provinces.

Grain marketed along the western lines of the Canadian Pacific Railway from August 1 to January 31 amounted to 185,793,000 bushels of which 140,928,000 bushels were wheat. The total marketings of grain along Canadian Pacific lines represent 54 per cent of the total grain marketed in western Canada to that date.

Canada now has more than forty bird sanctuaries specially reserved for bird protection purposes. These are scattered across the country from Nova Scotia to British Columbia. Some of the provincial governments also maintain similar reserved areas for the benefit of native bird life. A census of such sanctuaries, not including the young birds hatched in 1930, was 106,836 of 18 different species.

Over 97 per cent of the assets of the Canadian Pacific Railway are in Canada, and is directed attention to this fact some months ago. Mr. E. W. Beatty, Chairman and President of the Company, went on to say that he would be glad to see an increase in the Company's shareholdings in this country. Since that time the increase has been marked, as is shown by the following statement of Canadian Pacific common shares held in Canada now and at the end of the two previous years:

Dec. 31, 1929..... 69,719
Dec. 31, 1930..... 77,448
Dec. 31, 1931..... 81,282
Increase in two years..... 11,563

SEED WHEAT FOR SALE

Lacombe Town Planners Broadcast Their Activities

RADIO ADDRESS BY
GEORGE E. DELONG OVER
C. J. G. A. MONDAY
FEBRUARY 16, 1931

Lacombe is situated in the park belt of Central Alberta on the Calgary-Edmonton branch of the Canadian Pacific Railway and the Alberta Highway, 114 miles north of Calgary and 30 miles south of Edmonton, serving one of the finest agricultural districts in Canada. The quality of the Agricultural products produced in the district has been demonstrated at all the continent, where many championships have been won. The topography of the district is a series of fertile valleys with the ridges running north and south, constituting the lower steps of the foothills of the Rockies. The district is dotted with groves of trees in a natural park effect with small lakes at frequent intervals. People of British extraction predominating in the community. Some 1500 people reside in the Town of Lacombe which has a full complement of churches, hospitals, educational institutions and is served with water, sewers and electric light, with well gravelled streets.

The Town Planning Commission of Lacombe consists of Mayor G. T. Jackson, George W. Holson, Edwin H. Jones, K.C., Walter J. Trotter, Dr. E. M. Sharpe, John MacDonald, with George E. DeLong as chairman. The late Norman E. Carruthers was the Secretary and the vacancy caused by his death will in all probability be filled by the newly appointed Secy-Treasurer of the Town of Lacombe, Lewis P. Minkler.

The objective of the Lacombe Town Planning Commission is to make Lacombe and district a better place in which to live. The activities of the Commission are limited by the time the different members of the Commission have available to devote to the work and the funds made available for different projects. The usefulness of the Commission is wholly dependent on the ability of the different members.

The Commission has no funds for development purposes. After studying a problem, recommendations are made to the proper authorities whether Provincial or municipal who must give their approval to any improvement work before any expenditure is made.

The present period of depression has retarded all development work, and the work of the Commission, because of its involved nature has also been slowed up. Nevertheless, considerable progress has been made. Maps of the Town of Lacombe have been prepared by a qualified engineer. These maps are a permanent record of information which should be available in every Town or Municipal office and show all street improvements, size of lots, use of property, tax rates, water, sewerage and electrical service, street grades, etc., and will form the basis of the Zoning By-Law which we expect will be passed in the near future.

Lacombe is centre of two main transportation systems and thus has a real traffic problem. Railways and gravelled trunk highways radiate toward the North, East, South and West. The question of re-directing the traffic through the Town is being studied, but no action has as yet been taken.

Plans have been made with the assistance of the Director of Town Planning, Mr. Horace L. Seymour for the improvement of dangerous crossings, corners, etc. Changes in power and telephone lines incident to correcting traffic difficulties have already been made at the intersection of the Calgary & Edmonton Trail and Barnett Avenue and grading and other improvements will be completed this summer.

Tree planting has been sponsored. In this connection the Commission wishes to extend its thanks to a member of its Board, Mr. John MacDonald for the generous gift of trees for boulevard planting, donated by the Lacombe Nursery, operated by Messrs J. N. MacDonald & Sons.

These trees were planted in the boulevard adjoining the Calgary and Edmonton highway between the Town of Lacombe and the Dominion Experimental Station.

The Town Planning Commission is preparing a permanent record of the early history of the town and district. This study will include a review of the development of the educational system, the railways, highways, etc., and the forces which influenced and directed such growth.

The early history of the town and district will be of interest to our newer people and will be even more interesting to succeeding generations.

Meetings have been held at which the City of Red Deer, the Village of Bentley, Sylvan Lake and Gull Lake as well as the Municipalities of Crown and Lorne were represented. These meetings resulted in the construction of a gravelled scenic highway which connects Lacombe, Gull Lake, Bentley, Sylvan Lake and Red Deer.

As a representative of the Town Planning Commission and as President of the Lacombe and District Board of Trade, I feel sure I voice the opinion of everyone living in Lacombe and District in commending the Brownlee administration for its action in connection with the establishment of the scenic highway just

referred to. This highway not only opens up for tourist travel, one of the most beautiful portions of the Province, but also serves one of our richest agricultural areas.

Hon. O. L. MacPherson, Minister of Public Works and the Director of Town Planning, Mr. Seymour, share with Premier Brownlee the honor of establishing in the public park at Aspen Beach, Gull Lake, a public improvement which is appreciated by everyone. Nothing could bring greater pleasure to those who are privileged to use and enjoy it. I know of no finer monument which might be handed down to posterity than the assurance of the continued privilege of enjoying the natural beauty and pleasures made possible by the establishment of public parks at Gull Lake and similar locations throughout the Province. Our thanks are also extended to our local member of the Provincial House, Hon. Mrs. Parby for her support in connection with these most commendable projects.

BETTER COMMUNITIES HALF HOUR

Address broadcast by Mr. John MacDonald, Vice-Chairman, Lacombe Town Planning Commission, Feb. 16, 1931, 4.30 to 5.00 p.m.

CITY AND REGIONAL PLANNING

A new line of endeavor has appeared in Alberta in the past two years, known usually as Town and Rural Planning. This has been undertaken by the Provincial Government who have Mr. Seymour as Director of Town and Rural Planning. Mr. Seymour in the past two years has accomplished a great deal along these lines, and has already plans prepared for Provincial Parks, Highway Development, and in several cities and towns, formed Town Planning Commissions, the members of which make studies of their respective areas and recommend to their council certain developments for the improving of Streets, Boulevards, School Grounds, Parks and other Public needs.

"Zoning" is intimately connected with town planning, but may be applied to cities that have already been planned and built or built without planning. Nearly all Canadian cities have just grown by "additions." These usually have been planned without any consideration of topography. A ravine or hill has been divided into lots as though it were on level ground.

If it is worth while to plan a house, spending much time in studying the arrangement of the rooms, the location and size of windows and other details, and fitting of the house to its proposed site or to plan a school house or a factory, it is certainly worth while to spend much time in planning a town or city which will contain perhaps hundreds or thousands of buildings and which will outlast a long series of structures erected upon the same site. The City Plan should be studied with reference to the hills and valleys when these are found within its boundaries; with regard to the location of factories, warehouses, shops, residences, apartment buildings, offices, stores and public buildings; studying it with reference to its connection with the various highways, and also with reference to those localities not especially adapted to any of the purposes named, but very useful as parks, forests, water views and glimpses into the open spaces outside of the City.

Intelligent study with reference to the locations of the different classes of buildings and the streets and parks in the past, would have saved vast sums of money in construction and maintenance, and what is of even more importance, would have preserved and developed the beauty of towns and cities in this Province. The fundamental beauty of a town or city, which depends on its arrangement of streets and its preservation of hills, valleys, ravines, rivers and lakes in all the natural loveliness, lasts for generations.

The citizens of a town or city that is wisely planned for the preservation and development of its beauty do not leave it to go to other more attractive towns or cities when they have acquired sufficient savings on which to retire. When they travel, no matter how far, they come back with the feeling that they are glad to get "Home." A common remark on such occasions is, "This city looks good to me. I am willing to live right here."

It is this feeling in one's own town or neighborhood, a feeling that one is identified with it, is, in fact, a part of it, and, in a measure, responsible for it, that is important. This feeling of identification with one's surroundings should extend from the town or city to the country, and from the country to the town or city; a farmer thinking of the neighbor going to him as being, to a certain extent, his, and the resident in the city having a corresponding feeling with regard to the country. Each should try to help the other.

When city planning was first discussed in Canada, the subject most frequently mentioned was "Civic Centres." By this was meant an arrangement of the Police Office, Town and City Hall, Court House, and other public buildings with regard to each other and to the

B. S. CAMERON INSTALLS NEW EQUIPMENT

Again it is a pleasure to note the advancement made from time to time. This time it is a new piece of equipment for making small pictures from larger films, especially useful in the making of Lantern Slides. Since getting this machine, Mr. Cameron reports an order from outside this district for over 300 slides, about 50 per cent. It is his aim to supply photographic demands, no matter what they are, and at a price which will make his work attractive to the buying public.

Winning Canada to Six Cylinders!

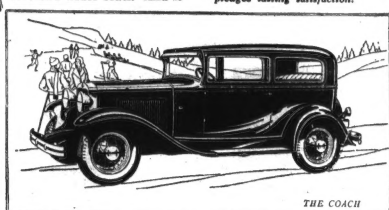

FOR more than two years it has been Chevrolet's distinction to build the largest-selling six-cylinder car in Canada, and in the world. Today, Chevrolet offers motorists a bigger and more beautiful car—at prices lower than ever. When you inspect the new Chevrolet Six you will find that it is a smarter car... with new bodies by Fisher, a longer wheelbase and deluxe wire wheels. It is a more comfortable car, with roomier interiors and wider seats. And it

is a better-performing car... smoother, with ample power, and even easier to handle.

Give the Chevrolet Six a chance to win you! We will be glad to demonstrate. Once you try this bigger and finer Six, we are sure you will never be satisfied with less.

Chevrolet's policy has always been one of service to the public... The G.M.C. plan of deferred payments offers the lowest financing charges available... and the General Motors Owner Service Policy pledges lasting satisfaction.

HE WHO WAS UNCLE SAM

On Thursday last, America remembered Abraham Lincoln. Most of those who gathered for the occasion at various centres throughout the continent were paying tribute not so much to Lincoln as to the Union States—just as the French idolize the France which Napoleon epitomized, and we the Britain for which Nelson stands.

Yet the fact that Lincoln has assumed the proportions of a national symbol demands an explanation. Why has the rugged Kentucky farmer become nothing less than Uncle Sam? And why does his period of presidency rank so high above others? Other presidents have done more to alter social conditions in America, other presidents have worked as tirelessly for their country, and many were better equipped as regards experience and political sagacity. Why does Lincoln transcend them all?

The customary answer is that Lincoln led the forces against slavery. Yet, in the final analysis, the slavery question was merely the tinder which lit the fires of civil war. Lincoln fought to preserve the union, first, and to uphold the principles of freedom second. Other men shouldered heavy military responsibilities. Lincoln was tactician, but not the only one.

Possibly the secret of his immortality lies in the fact that he was above all a man who inspired, a leader who caught the spirit of his time and translated it for the people. He caught that spirit for he was closely identified with it. He represented the simplicity and directness which touches greatness, and which the American, for all the complexities of his life today, still admires as cardinal virtues.

Lincoln belonged to the rough and virile age of his country. He is to America what Calcasieu was to the Romans, a symbol of the sturdy generations by whose toils a complex and super-sensible empire was evolved.

LAKESIDE W.I.

The Lakeside W.I. are presenting the two plays, "Whiskers," and "Henry's Mail Order Wife," in the Blackfalds hall on Mar. 13th. Cast of Characters.

HORSE - - SALE

LACOMBE

ALBERTA - CANADA

Monday and
- Tuesday -

MARCH 9-10

On Exhibition Grounds, at 10 a.m. Sharp

A Splendid Offering by Over 100 Contributors
600 Head Heavy Draft and Agricultural
Mares and Geldings Weighing from 1200 to 1900 lbs., all Good, Young
 animals, very few over 7 and 8 years old

We are offering as good, if not better horses at this sale than at any previous sale held, and we are delighted at the response of the contributors to put nothing into this sale but the very best they have, so that prospective purchasers do not need to feel afraid but that they are getting the cream of the district. The farmers have learned that it is to their advantage to have their horses fitted and in shape.

Every horse listed for this sale is contributed by some farmer or breeder of good horses in the Lacombe District. They are all broke to work, and most of them are in first class condition and ready for the spring work.

The horses are not put into the sale to valuate, but to sell, as every buyer who has attended a Lacombe Sale will tell you, we sell them.

Every horse is listed to be sold, absolutely without reserve, and will be sold if you bid on them.

Horses will be in the Barns on the day before the sale for inspection.

Sale committee will attend to the shipping and loading of your horses after Sale, free of charge. Come and make this sale a success as usual.

Avery's Bakery in New Quarters

Avery Bros. Bakery was this week removed from the Barnett Avenue premises to the Elliott building on Norton St., recently vacated by City Cafe No. 2. A 30 foot addition, has been erected in rear of the building for the accommodation of the mixing room and oven. The Avery Bakery is now one of the most complete plants in Alberta. The public is invited to look over the new premises. In addition to their usual line of bread, candies, etc., bakers are vied for the serving of teas and light lunches at all times.

I. O. D. E.

SECRETARY'S REPORT 1930
LORD LASCELLES CHAPTER

This the ninth annual report shows that we have an enrollment of twenty-two members in good standing. During the year 1930 there were two regular meetings held with an average attendance of 12.9. For the months of July and August no meetings were held, owing to holidays.

The membership of our Chapter was increased during the year by eight new members, but one member was lost by resignation. One new member has not yet taken the oath of the order.

For the year we have endeavored to carry on the work to the best of our abilities and distribute our funds to cases which most warranted assistance. In many instances our efforts have been rewarded with letters of appreciation.

We sent a delegate to our Provincial Annual Convention and received a very interesting and comprehensive report.

On October 24, our town and the Lord Lascelles Chapter was highly honored by having the I.O.D.E. Provincial Semi-Annual Convention meet here. It is not usual for Chapters with a membership of numbers such as ours, to have the privilege of entertaining such a gathering. Our sincere thanks is due the Masonic Lodge for granting us the use of their hall for the Convention. Sixty delegates registered and with the discussion and speeches from men and women in the public life of Alberta the convention proved to be very interesting. In the evening the delegates were given a banquet as guests of our Chapter and a very fine program of music by local artists as well as after dinner speeches followed the banquet.

Our finances this year were augmented by the following activities: An afternoon Tea; A Tag Day, previous to Dominion Day; Talent money from each member and a fine sum from the quilt donated by Mrs. P. L. P. The total receipts were \$210.26.

Our contributions this year included a donation to the Matthew Holton Scholarship Fund; Prize to Grade XI, X, IX and VIII of our Lacombe School; a donation to the Wood's Christian Home; sums to Miss Soraby's Christian School in India and the Zenana Medical Mission in India; as well as our Local Welfare Work.

Our Educational Secretary has carried on her work very efficiently and among her efforts we find the awarding of prizes for the highest marks obtained in June's Departmental Examination in previously mentioned grades of our school. These awards amounting to \$400.00 were presented at the banquet of the Semi-Annual Convention to the following students: Bill Harrington; Grace Vickers; Maxine Fitzpatrick and Nancy Lethian. The prizes are to be awarded annually.

Calendars were distributed to the Lacombe School as well as to all rural schools in the district.

The child welfare committee has had a very active year and have the following among their efforts:

Provided a full infant's layette to an indigent family.

Collected and sent clothing to two returned soldiers families in the district.

Furnished complete winter wardrobe for twenty children of the town.

Supplied the Town Relief Committee with an amount of clothing for distribution.

In December they held a tea and shower for the Wood's Christian Home in Calgary and a sum of \$20.75 was collected also thirty jars of canned fruit and vegetables and some linen.

They received a donation of money from the proceeds of a concert given by the Music and Expression Departments of the Canadian Junior College.

Amalgamation Day was fittingly observed by the Chapter. Now as we approach the end of this year, we wish to take this opportunity of giving our thanks to those who so generously supported the calls of our chapter and to the members and officers who performed the duties of the chapter with such loyalty and trust, always keeping before them our motto.

"Ever Ready, Ever True."
May the year 1931 bring forth every effort to further the work of the I.O.D.E.

This report is respectfully submitted.

Pauline U. Chiswell, Secretary.
Officers of Lord Lascelles Chapter I.O.D.E. For Year 1931

Complication of Troubles Routed

"Those who saw my terrible condition before I took Sargon can scarcely realize I'm the same person."

MRS. CHARLES J. BULL

son," declared Mrs. Charles J. Bull, 351, 11th Ave. E., Vancouver. "I never had gotten back my strength since an appendicitis operation twelve years ago. I had raging headaches, indigestion, a weak sensation in my back; and my hands and feet often got cold from poor circulation. Constipation kept my whole system poisoned; my knees would throb and ache. Four bottles of Sargon and Sargon Pills overcame these troubles and filled me with new energy and strength. I can never be thankful enough for this wonderful treatment."

BEER AND BOOTLEGGING

Editor: The Western Globe.

The prohibitionists of Alberta have had their convention in Calgary and one looks in vain for signs of concrete accomplishments which emanate from their deliberations.

The major issue to them, as far as I could gather from the press reports, was as to whether beer should be sold in the beer parlors, on the main floor of the hotels, or whether it should be sold via the bootlegger, in the various dives known best to the gentlemen of this class, for (and let us be frank upon the question) that is what is going to happen if the beer parlors are closed.

I cannot understand the mentality of educated people who recognize beer as a social detriment and make an obsession of it whilst at the same time they fail to acknowledge so many other and more vital factors, that confront the people of Alberta and Canada today.

I failed to find in any press reports where they had discussed their present depression and brought forth any recommendation of a constructive nature that may be of benefit to this Dominion at the present acute period.

I failed to find where they had discussed unemployment and the misery and poverty now existing therefrom.

I am willing to bet my hat that they didn't go on record in favor of unemployment insurance nor in favor of higher wages to the workers, so that the basis of real prosperity may again be established, and yet there were over 50 delegates present.

They loudly acclaim drink as a wrecker of homes, whilst failing to acknowledge the poverty caused by low wages and unemployment is wrecking thousands of lives and homes at this very time. They see the open beer parlor but fail to acknowledge in a concrete manner many weaknesses and inequalities of our present social order. They strain at a gnat and swallow a camel.

I maintain that under the present depression with our men and women unemployed and children undernourished, with women and young girls being forced to the street, that prohibition at this time is not an issue of any importance. The provincial government can spend its money to better advantage at this time than by granting a costly election just to satisfy the whims of a few people who seem to possess just single-track minds.

We had prohibition in Alberta before and its failure to function caused us to repeal it. There may not have been as much liquor consumed during prohibition, but every drop that was consumed was consumed illegally except the amount consumed under a doctor's prescription and I want to say right now that Drummeller is a cleaner town today, both morally and physically, than it ever was under prohibition. Under prohibition Drummeller was nothing but a den of vice and was regarded as a whelp from the belly of Chicago.

Drummeller today will bear comparison with any city in Canada as regards the small amount of vice and crime that may be present at present.

Why agitate for legislation that cannot be enforced, that—paradoxically may lessen to some extent the consumption of drink, but will greatly increase crime of a more vicious nature? Making booze is now a household remedy of the brand that made the mouse go out and murder the cat. If the present liquor act is weak, then amend it and tighten it up.

In conclusion, let me advise the prohibitionists to broaden their vision and their platform. Let them recognize that drink is only a minor

lone at this time compared to the misery caused by low wages, unemployment, the selling of worthless stocks and bonds and money oil and mine shares. Let them recognize that unscrupulous people who today exist as high financiers deliberately gamble with the souls of the world's workers and when they do that, then will the prohibitionists be accepted as a progressive force.

ALBERT E. ALLEN,
Drummeller, Alberta.

LOHNE NOMINATIONS

The Annual meeting of the Ratepayers of Lorne No. 400 was held in Sunset School house on Saturday, 20th of February. A record crowd was in attendance and the school was much too small to accommodate the large number who turned out to hear municipal matters discussed.

Wm. Begert was appointed to the chair, and called upon the Secretary of the Municipal to read the financial report, which was very satisfactory. The Secretary also gave a resume of the work undertaken by the council during the past year.

A resolution was brought before the meeting, that was passed at a meeting held in Eckville, asking the ratepayers to endorse same. The

The Reeve addressed the meeting and outlined the plan the council had taken in allocating the cost of gravel trail.

C. F. Damron then addressed the meeting of some length, giving the council credit for what they had accomplished, and the excellent roads that had been built in Lorne Municipality, but wished to impress on the council the need of reduction of taxes if it were at all possible.

Nominations were then called for and the following were nominated:
Division 1: Henry Peterson, William Schmidt.
Division 3: A. Hoglund; O. Barntegren.
Division 6: H. A. Brownlow, A. Clamation.

CARD OF THANKS

Mr. A. W. Macdonald wishes to sincerely thank the many friends for their expressions of sympathy and kindness shown during the illness and since the death of his beloved wife.

A. M. CAMPBELL'S

The Horse Sale

Never since the inauguration of the Horse Sale at Lacombe, some eight years ago has such interest been manifest as is evident this year. Over six hundred splendid animals, contributed by over a hundred farmers of the district have been entered in the sale, and a hundred more have been offered but turned down by the secretary, who is of the opinion that a greater number would have a tendency to lower prices.

There appears to be a very strong demand this year, and Secretary Fraser is receiving wires from all over Canada for carload lots. A point has been made this year to keep out animals not up to a good standard, and every animal offered will be in first class shape and ready to fit for spring work. No animals weighing under 1200 pounds have been listed, and they range from 1200 to 1900 lbs. There are a few pure-bred mares on the list.

All arrangements have been made for the accommodation of the animals at the barns at the Exhibition grounds, and stabling throughout the town has also been secured to look after the overflow. Feed and water will be available at the grounds.

There is ample hotel accommodation for buyers from a distance. Shipping of animals will be attended to by the committee, free of charge and loading will be carefully done.

Every horse listed is to be sold, and there is no reserve.

For particulars apply to C. F. Dameron, Auctioneer; Jesse Fraser, Secretary; Jack MacKenzie, President; J. M. Douglas, Vice-President; or any other member of the committee.

Town Meeting

The Annual Meeting of the Town of Lacombe was held in the Council Chamber on Friday evening last, when the finances of the town were examined by the Auditor Chisholm. Mr. Wilson Ritsen was elected to the chair. The various committees gave their reports, which were quite satisfactory to those present. Mayor Jackson explained the work being done as a relief measure, and stated that every street in the town would be gravelled this year if possible. The council has gravelled all the streets torn up by the water and sewer mains, and side streets would be attended to later. The town is in a splendid financial condition, the bonded indebtedness now being less than \$15000. There was no unemployment in town and all needy families had been looked after most satisfactorily. He thought a great deal of credit was due Councillor Todd

for the great amount of good work he had done in looking after the relief committee. The waterworks and sewerage work was in good shape, and aside from some minor details, the Calgary Power contract had been faithfully carried out. The town still had enough money held back to guarantee that our streets would be put in perfect shape, this Spring. The Power Company having arranged to have the gravel crew in Lacombe just as soon as the work at Bentley had been completed. The mayor was given a hearty vote of thanks at the conclusion of his address.

Crown M. D. ANNUAL MEETING

On Friday afternoon last, over three hundred farmers of the district were in attendance at the annual meeting of Crown Municipality. Mr. R. M. Gibson was voted to the chair. Mr. Jesse Fraser, Auditor for the municipality, read the financial statement, and explained to the satisfaction of all, the financial state of the district. The municipality performed a great amount of road work during the year, and the roads throughout the entire district are in splendid shape.

Reeve Madden then gave a resume of the work done under the direction of the council during their term of office. He pointed out that roads had been graded and put in shape in every division, and he was sure that no other municipality in Alberta could make a better showing. He stated that temporary work had been done in some places, which owing to lack of money could not be permanently constructed last year, but that work would be continued as funds became available. He pointed out that every cent expended had been wisely spent and the ratpayers had received good value for their money. There was considerable heckling from members of the audience, but the Reeve was equal to the occasion and answered all questions to the satisfaction of the gathering.

Nominations at the close of the meeting resulted in contests in two divisions. In division one, B. A. Sawyer, present councillor, will be opposed by Messrs. Fred Sissons and Irving H. Dodd. In division two, Reeve Madden will be opposed by O. W. Huettelhauser.

Anyone interested in Silverware see Morrison and Johnston, Ltd.

Meadowbrook News

The Social Evening Club's Hard Time Dance in Lincoln Hall, February 15th, was very successful. The prizes awarded to the ladies went to Miss Annie Pearson, first and Mrs. Farnham, second. The gentlemen's prizes went to Mr. John Sauve, first and Mr. John Holland, second.

Considerable interest is being shown in this locality with regard to the forthcoming nominations for Councillor for the Municipal District of Blindman. It appears that three men aspire for the position, namely: Wallace Archibald, the former councillor; Wesley Wiles and Clifton Long. It is expected that it will be a close contest and that every voter in this district will exercise his franchise at the Polls, Saturday, Feb. 28th.

Born, to Mr. and Mrs. William Bodenham, of Buck Lake, on February 16th, a son, Mrs. Bodenham was before her marriage, Miss Miranda Nelson, of this district.

A number of the Young men of this district are enthusiastically engaged in practicing three evenings a week for a Minstrel Show to be held in

Lincoln Hall, March 6th. From all accounts it should be well worth seeing.

Mr. John Sauve and sons were Buck Lake visitors over Sunday. Mr. Fox motored up from Vancouver in record time last week and is visiting Wesley Wiles and family. Miss Viola Wiles accompanied Mr. Fox.

Mr. Fritz Ebeling is operating his sawmill on Mr. Northcott's place this month. Although he expected to move this week there is a pile of logs placed for him to saw that will keep him busy for months.

Church services were held in Meadowbrook School last Tuesday evening, and a good attendance was recorded. An appreciable amount was collected or promised toward the minister's salary. From appearance it seems as if a start will be made soon toward erecting the church.

A number of neighbors met at the home of Mr. and Mrs. Charlie Berry on Friday evening. Everybody present seemed to have had a pleasant time with cards.

Angel Guardian of the Rockies

Fleecy clouds caress the summit of Mount Edith Cavell in Jasper National Park and the majestic peak looks down on the motor road at its base where pigmy humans shade their eyes in wonderment while they gaze upward. The approach to Cavell is a delight to trail riders.

Two Great Lines of Made-to-Measure Clothing

The York

\$27.50

The Burton

\$25 \$30 \$35
